A photograph of two metal bee sculptures on a wooden surface next to a potted plant. The bees are made of metal with a black body and yellow and black striped wings. They are positioned on a light-colored wooden surface. In the background, there is a white pot containing green plants with large, heart-shaped leaves.

Our Akitsu Story...

We are a long established 'wholesale only' supplier, providing current, modern and artistic designs for inside and outside of the home or retail premises.

Our stunning Metal Art range comprises quality pieces, with a variety of designs using vivid colour on quality metal materials, covering all types of designs from Birds to Boats.....you name it, we are likely to have it!

Here at Akitsu we are always looking for that something special for you and your customers. We are actively involved in the designing and sourcing of all our products to ensure our range continually moves forward.

Akitsu is an Australian-family owned and operated business, we believe in excellent customer service and satisfaction, coupled with quality and affordability.

**As this is the back page we thought why not show
you the quality of the back of
our beautiful products...**

as it seems the right place to do just that !!

**Thanks from the Akitsu Team Karen, John,
Mikisha, Cosmo & Max the warehouse dogs**

We really value the positive feed back we get from our long standing customers for the great quality of our products and believe that both extra painting on the back and extra gloss on the front of each item gives superior protection from our extremes in Aussie weather.

We hope you enjoy selling our beautiful products as much as we enjoy designing them for you!

**Karen, Mikisha,
